OLD FASHIONED BASKET PICNIC AT PARK ARRANGED FOR THE FOURTH OF JULY

Pack up your basket and come out! That is the slogan for next Friday, the Fourth of July, when the monster picnic planned by the Chamber of Commerce will take place in the city park. All arrangements have been completed for the old fashioned basket picnic, such as we used to have in years gone by, and everyone is urged to get out the biggest basket you have, and fill it with the best you have, and bring the whole family to the park, and have the best outing that you have enjoyed in many a day.

The big day will begin with a parade, forming at corner of Eleventh street and New York avenue, at 11:00 o'clock sharp, headed by the St. Cloud Band and composed of all the patriotic organizations of the city, and every individual who will join in. The parade will march to the city park where the basket picnic dinner will take place. After the dinner there will be speaking, athletic events, basket ball game, and other events closing with a ball game at the ball park at 4:00 o'clock.

The program as outlined by the Chamber of Commerce committee follows:

Parade at eleven o'clock.
Basket Picnic lunch at city park.
Band Concert.
Patriotic Speaking.
Declaration of Independence read.
Athletic events and awarding prizes.
Basket Ball Game.
Baseball Game, St. Cloud vs. Hologaw, at ball park at four o'clock.

It has also been announced that the stores will be asked to close at 12:30 o'clock for the remainder of the day in order that all might

participate in the events of the day. Prizes to be awarded for athletic contests follow:

Far men's race, one picnic ham, by G. A. Peed, grocer.
Fifty yard dash for girls, pair of silk hose, \$2 value by L. V. Zimmerman Store.
Fifty yard dash for boys, one pair Mascot tennis shoes by Ferguson's Store.
Three legged race for boys, one base ball glove to winners by H. C. Hartley.
Hundred yard dash for boys, one pair of running shoes by Sam Braemar.
Sack race, one bag of flour by C. A. Bailey.
Hundred yard dash for girls, one Eversharp pencil by Edwards Pharmacy.
Double tennis contest, two tennis balls to each of the winners by McGill & Scott.

IMPROVEMENT CLUB TO PLANT FLOWERS ON TENTH STREET.

At the meeting of the city council last Monday the Ladies Improvement club through Mayor McMullen offered to plant flowers in the grass plots along Tenth street from the city hall to New York avenue, if the city would have these grass plots prepared for the planting.

There was but little business to come before the council in the weekly recess session. Clerk Collins reported that the city could get prompt shipment of brick for any new work contemplated on street paving.

Water extension was ordered on Tenth street to Indiana avenue in order to serve a new home to be erected by a new citizen, reported desiring to build if he could get city water. The extension is only about 150 feet to meet this request and a \$5,000 home is to be erected.

Bills on hand were paid and adjournment taken until next Monday.

LEGION FILLS OUT BONUS APPLICATIONS

The St. Cloud Post No. 80 of the American held its regular meeting on Tuesday evening of this week at the Chamber of Commerce rooms, at which time the matter of filling out application blanks for the recently enacted bonus to ex-servicemen of the World War was taken up. Vice Commander Lloyd C. Hestinger presided at the meeting, while Adjutant A. J. Gelfer and others explained the benefits of membership in the American Legion and gave information relative to properly filling out the applications.

The attendance was smaller than was expected owing to the hard rain, but quite a number were present, and the six typewriters present were kept going until a late hour. All veterans of the world war and their dependents who haven't made application for the adjusted compensation should get in touch with Lloyd C. Hestinger, compensation officer, at Peed's Grocery.

J. D. HOUSTON PASSES ON

Following a twelve-year illness J. D. Houston passed away at his home in Lutz, Penna., Monday, June twenty-third. Mr. Houston spent five winters in St. Cloud and had expected to come the last winter, but illness prevented. He is survived by his widow, a son and two daughters. He was a Mason, Knights Templar and a member of the Shrine. The funeral was held at his late home Thursday, June twenty-sixth. Mr. Houston was a brother-in-law of the late I. B. Dalbey.

WORK PROGRESSING AT RAPID RATE ON THE NEW KISSIMMEE SCHOOLS.

Contractor Geo. W. Livingston, who is erecting the two new school buildings at Kissimmee is making rapid progress on both the new high school building and the primary grade building. Last week the architect on the job checked up the primary grade building as 65 per cent complete, and work on the brick high school has progressed so rapidly that the brick masons are now working at a height of the top of the doors and windows on the first floor.

Mr. Frank Bourie, superintendent for Geo. W. Livingston, maintains a temporary office on the high school grounds, and while superintending the job is doing some estimating on other big contracts. Plans and specifications for a high school at Tallahassee are now on hand, and bids have been prepared for a new jail at Arendia.

Mr. Livingston has also been making good time on the six new store rooms being completed at Eleventh and New York avenue for the editor of the Tribune, and is making estimates on several other big jobs in this city.

Last week Mr. Livingston had 115 men at work at the Kissimmee jobs.

When completed Kissimmee will have two as fine school buildings to add to their equipment as can be found in the state.

W. A. Bowdoin is in charge of the new buildings at Eleventh street and New York avenue, St. Cloud, and is assisted by R. A. Johnson, who takes charge of the work in the absence of Mr. Bowdoin. They have made rapid progress, and will complete the buildings this month.

GROWERS OF COUNTY TO MEET

The Osceola Growers, Inc., will hold a meeting of the growers of St. Cloud and Kissimmee at the Chamber of Commerce rooms in St. Cloud, Tuesday evening, July 8.

The season for planting will soon be here. Come out and hear the discussions. Let us make it a big meeting.

MCADOO-SMITH DRAW SHOWS NO SIGNS OF BREAK WHEN ADJOURNMENT COMES ANEW

MADISON SQUARE GARDEN, NEW YORK, July 2.—William Gibbs McAdoo ran to a new high mark in Wednesday night's balloting in the Democratic National Convention. He passed the much sought goal of 500 votes by dint of much frantic work and persuasion and maneuvering on the part of his floor managers, who declared they hadn't finished their work yet.

Running close to the 40 and 44 ballot record of the Baltimore and San Francisco conventions, respectively, the Madison Square Garden exhibition gave promise of setting a new mark. McAdoo hit his high mark so far in the fourth ballot, when he polled 505 1-2 votes. Smith at that time had dropped a little below his high level 323 1-2 made on previous bal-

PICNIC JULY 10.

A picnic dinner will be held by the Michigan Association at the home of Mrs. Frances R. Riley, on Thursday, July Tenth, as this is Mrs. Riley's birthday. She will be happy to see all the Michigans and their friends present. Please bring plate, spoon, knife, fork and cup. FBI a basket and let us have a jolly good time.

At the close of the thirtieth ballot last night McAdoo had stood at 451 1-2 votes. Thus he gained nearly a hundred in Wednesday's balloting and the votes he got were taken principally from John W. Davis who fell to 70 on the last ballot Wednesday night. The McAdoo people went into the night's session attempting to estimate what damage had been done to their cause by the riotous performance of the late afternoon session when William Jennings Bryan precipitated a tumult with the approval of McAdoo from the platform and accused critics of "oil."

At first there were various predictions of what the effect might be at the night session but when the leaders got outside and thought it

(Continued on Page Four)

Keeping Independence Day

Now we hear the big band playing
And the flags are everywhere,
While our hearts are overflowing
With the joy that fills the air.
For the spirit of our fathers
Is around us all the way
As we march along together,
Keeping Independence Day.

From the gulf unto the ocean
Let the music roll along,
While we praise the land of freedom
In a melody of song.
Tis a land of consecration,
Tis the land for which we pray,
As we march along together,
Keeping Independence Day.

We are loyal to the country
That our fathers died to save,
All its laws we are upholding
Where we see the banner wave.
Not a slave within our borders,
Not one rebel robed in gray
As we march along together,
Keeping Independence Day.

Far across the stormy ocean
Are the graves of those who died
For the world and its salvation,
Heroes sleeping, side by side;
Now the world with us is lifting
Freedom's torch to light the way,
As we march along together,
Keeping Independence Day.

RUTH RAYMOND, St. Cloud, Fla., July 1, 1924.

NARCOOSSEE ROAD BONDS DEFEATED BY BIG MAJORITY.

Voters in St. Cloud, Narcoossee and Hologaw, voting on the question of forming a special road and bridge district and voting \$100,000 bonds for four miles of 18 foot road from Narcoossee to the Orange county line, turned down the whole proposition last Saturday by a vote of more than 3000 against to 57 for the question.

Narcoossee's small vote was unanimous for the road. St. Cloud was almost unanimous against the road.

DEMOCRATIC PLATFORM HIGHLIGHTS.

- NEW YORK.—Exclusive of the controversial Ku Klux Klan and League of Nations issues, the platform submitted by the Democratic national convention contains about 50 planks. Many outline Democratic policies if the party wins, while others condemn the Republican administration.
- Party pledges include:
Further tax revision and revision of the tariff.
Enactment of legislation designed to "restore the farmer again to economic equality with other industrialists."
Readjustment of freight rates and revision of transportation act with view to eliminating rate-making section, abolishing railroad labor board and restoring to states control over intrastate rates.
Operation of Muscle Shoals for maximum production of fertilizers.
Strict public control and conservation of the nation's resources, recovery of all reserves "fraudulently" leased, and vigorous prosecution of any guilty of wrongdoing in leasing transactions.
Government control of the anthracite industry and "all other corporations controlling the necessities of life where public welfare has been subordinated to private interests."
Operation of a government-owned merchant marine "so long as it may be necessary without obstructing the development of a privately owned American flag shipping."
Faithful compliance with the spirit of civil service, and its extension to internal revenue officers.
"Adequate" salaries for postal employees.
Adoption of the so-called "bono-duck" constitutional amendment which would prevent members of congress from participation in a session after their defeat for reelection.
Revision of the corrupt practices act to prevent excessive campaign contributions and expenditures.
Enforcement of the constitution and all laws, with an assertion that the "Republican administration has failed to enforce the prohibition laws."
- Maintenance of Asiatic immigration exclusion, by legislation.
Immediate independence for the Philippines.
Establishment of a full territorial form of government for Alaska.
Protection of American rights in Turkey and the "fulfillment of President Wilson's arbitral award respecting Armenia."
Drafting of all resources in time of war.
Sweeping reduction of sea and land armaments.
Promotion of deep waterways from the Great Lakes to the Gulf and the Atlantic Ocean and improvement of inland waterways generally.
Enactment of legislation dealing with fraudulent stock sales.
Vigorous enforcement of laws against monopolies and illegal combinations and enactment of additional measures if necessary.
The platform denounces the Mellon tax plan, declares that under the Republican administration "the economic condition of the American farmers has changed from comfort to bankruptcy," charges that "never before in our history has the government and pledged the Democratic party to drive all wrong-doers from public office and mete out prompt punishment."

To All the Baseball Fans

NOTICE---HELP

*I care not if there is no stone to mark the place where I lie,
But I would like to have a baseball team before I die;
I care for all the loving thoughts my friends would care to give;
But what I want right here on earth is a baseball team while I live.*

Come out the Fourth and see the game.

I THANK YOU

Manager Hayes

CHAMBER COMMERCE ENTERTAINS COMMITTEE FROM KISSIMMEE CHAMBER

The regular weekly luncheon of the St. Cloud Chamber of Commerce was held at the headquarters of the organization last Wednesday noon, with a small attendance. However, what was lacking in numbers was made up in enthusiasm as matters of importance to the welfare of the city were discussed. President L. M. Parker presided at the business session, which opened with the reading of the minutes by Secretary G. C. Outlaw.

The membership committee reported receiving applications for membership from Mr. John A. Jeffries, J. W. Vincent, Dr. R. A. Kanavel. These were unanimously accepted and made members of the organization.

L. U. Zimmerman, chairman of the Fourth of July Committee, reported that all arrangements for the occasion had been completed and that a complete program would be found in this week's issue of the Tribune.

S. W. Porter reported that the shuffle boards had been completed, with the exception of the finishing touches which included the painting, etc. The committee hoped to have these finished for use for the Fourth but have found it impossible, but they will be ready for use at an early date. The shuffle boards are the latest of the improvements made at the park by the Chamber of Commerce and will provide much amusement for the "home people" as well as the tourists.

J. K. Conn reported that the bulkhead committee had nothing further to report since the last meeting. However the committee is working on the drainage proposition in connection with the bulkhead project, in order that the water of the lake may be kept at a uniform level at all times. This is an important phase of the work and should have careful consideration.

A number of communications were read by the secretary and ordered filed for information. Bills were also presented and ordered paid by the treasurer.

Mr. Sam Luffey, Jr., of Kissimmee, was a guest of the Chamber of Commerce, and introduced Mr. Stewart H. Greiner, also of Kissimmee. These gentlemen represented a committee from the Kissimmee Chamber of Commerce and asked the co-operation of the St. Cloud organization in securing an assessment of one mill for publicity purposes in the county and the organizing of a county chamber of commerce. These gentlemen asked that a committee be appointed to confer with them regarding the matter, and also to appear with them before the county commissioners in endeavoring to secure this assessment. The committee appointed by the president was composed of Wm. Landis, Anson McGill and C. A. Bailey.

The secretary brought up the question of advertising matter stating that he had on hand several letters asking for information, and that he had nothing to send them. This brought up a discussion relative to the issuance of a folder and a motion prevailed that the advertising committee be authorized to have a supply printed immediately. The material for the folder will no doubt be in the hands of the printer within the next few days, and the folders ready for distribution in the near future.

There being no further business the meeting adjourned.

FINE PROGRAMS ARE SCHEDULED FOR THE G. A. R. HALL.

With the opening tonight of a new picture show, using the G. A. R. hall, C. C. Jordan, manager, promises to give St. Cloud the best programs that have ever been offered here. Later in the season he will look in vaudeville and high class road shows at the G. A. R. hall in addition to the regular three-nights-a-week pictures, Tuesdays, Thursdays and Saturdays, with extras from time to time.

LoRoy Vandenberg has been selected to look after the business of the local shows for Mr. Jordan, who it will be remembered, has served Kissimmee so satisfactorily for the past several years at the Casino Theater, and who cannot be here all the time on account of his other business. Mr. Van Denberg is well known here and will do all in his power to give the best of service. Shows will start promptly at 7:30 each night. Special announcements will be made from time to time of the shows scheduled.

RUSSETT EGGPLANT MAKES APPEARANCE AT LOCAL STORES

Wm. Hall, who lives at Seventeenth street and Missouri avenue, and who has a fine farm just a few miles south of town, has grown a fine crop of russett eggplant this summer, and presented the Tribune with a bag full this week. The russett egg plant has just recently been introduced in this section, and is a more hardy vegetable than the blue or purple eggplant so well known. It ranks in eating quality with the finest ever grown, and will keep much longer and does not suffer bruises from handling like other varieties. The local market has been supplied with this new russett eggplant during the past several weeks. Tests have been made to determine the keeping qualities of the russett and they exceed the other varieties by many days.

MRS. G. C. OUTLAW DIED HERE THURSDAY

The many friends of Mrs. Willie May Outlaw, wife of G. C. Outlaw, of this city, will be grieved to learn of her death at her home on New York avenue, last Thursday evening at 10:30 o'clock.

Willie May Womack was born on November 8th, 1880, at Macon, Ga., and on October 10th, 1907, was married to Grover Cleveland Outlaw, and they have resided in St. Cloud since March 1916. To this union four children were born; John Cecil, Marjorie, Edwin Cleve and Willie June, all of whom survive.

She was a devoted wife, a kind and loving mother, and a true friend to all, and her passing will be a great loss not only to the family circle, but to the entire community.

The funeral service occurred at the home at 3:00 o'clock Saturday afternoon, June 28th, with interment in the family plot at Rose Hill Cemetery, near Kissimmee. Rev. B. Atchison, of the Baptist church, officiated and music was furnished by a number of friends of the deceased. Pall bearers were C. A. Bailey, J. D. Harris, G. H. Beach, Sam Braemar, V. E. Edwards and E. R. Seymour. The large number of beautiful floral contributions attested to the esteem in which she was held by her many friends throughout the entire county, as did the large number of sorrowing friends who attended the funeral.

Mrs. Outlaw is survived by her husband, G. C. Outlaw; four children; mother, Mrs. J. H. Evans of Macon; two sisters, Mrs. R. L. Holloman and Mrs. H. C. Jewett, also of Macon; one brother, R. L. Evans, of Macon, Ga.

KISSIMMEE VOTES BONDS FOR STREET AND SEWER IMPROVEMENTS.

The voters of about ten to one, Kissimmee on last Saturday voted a total of \$175,500 for bonds to pave certain streets and extend the sewer system, as well as install a storm sewer system.

Three propositions were voted on. First \$75,000.00 was asked for the city's part of paving streets in the city that property owners have agreed should be paved. The property owners are to pay two-thirds of the cost of the work, so that this paving program will amount to over \$200,000.

For repairs and extension of their sanitary sewer system \$70,000 was asked for and was voted.

For a storm sewer system to aid in the drainage of the city \$20,500 was asked for and was voted.

Although the vote was lighter than the one cast in St. Cloud the same day in the Narcoossee road matter, the majority for these Kissimmee improvements was greater in favor than was the defeat of the road matter in this city.

CARD OF THANKS

We desire to take this means of expressing our heartfelt appreciation to our many friends in the kindness and sympathy shown us in our great bereavement. Especially do we wish to thank those who sent such beautiful floral offerings, and to those who extended words of sympathy, and to all who assisted in any way.

MRS. J. H. EVANS and Family.
G. C. OUTLAW and Family.

WHAT DO YOU THINK OF THIS?

MIAMI has 67 members. TAMPA has 600 members. They can start out even for the banquet they were talking about in Sanford.

I hope they invite the BHS and ME. Delray reports progress on their new home. They had a concrete pouring party the other day and that BRIGHT boys says that some of 'em are having blisters yet. They also say that they are going over their population possibility in membership within the next thirty days.

...waiting their new home. They only need thirteen more members to have one hundred per cent. They ought to know that thirteen is unlooked.

Since Florida is to lead the parade in St. Paul the BHS says: Boy Howdy, I'm sure going to be there. I'm thankful for one thing that we ain't going back to N. O. or S. E. Maybe Delaney Way will change his mind now. He has carried that Orlando flag in all of them and I'm dead sure that when he has the chance to get in front that he will be there.

The Eustis Post has ordered grave markers for all their Veterans' graves. They also accepted an invitation to attend church in a body. The Tavares

Post had a representative at the Eustis meeting and outlined the proposed Lake County Memorial and received the hearty endorsement of the Eustis Post.

Membership bulletin on how the quota stand in the Trip to St. Paul will be issued next week.

Gainesville and New Smyrna needs 31-37 ONE MEMBER to be 100%.

Leesburg, Daytona, Tarpon Springs and Palatka have reached the one hundred per cent column.

Florida has thirty six posts that have 100% or over.

Tampa needs just FIVE members to get that hundred percent. Let's go.

West Palm Beach needs just 14 before they reach the 100 per cent.

Deland needs just TEN. Send them to back old boy. Get into the 100 per cent column.

The Convention City for 1925 only needs 17. Let's go, Charlie.

South Jacksonville is the only post in the Florida Department that is not functioning with Department Headquarters.

Kissimmee needs just EIGHT. Let's go.

WINTER GARDEN HAS THE PROUD PERCENTAGE OF 353; WAUCHULA 340.

Starks has 22 members and we are looking for them to put in about 22 more in the next ten days. Their population possibility is 51. Let's go.

SOME ONE IS GOING TO GET A FREE TRIP TO ST. PAUL.

FLORIDA WILL LEAD THE PARADE AT NATIONAL CONVENTION

A few weeks ago the Department Adjutant of Mexico, Harry Binnie, wrote me as follows:

"and, incidentally be prepared to march behind Mexico at St. Paul, for we are going to lead the parade."

I didn't tell him anything—I just let Mand kick him.

Florida and Mexico are the only 100 per cent Departments in the whole list. Here are the first five Departments.

Table with 5 columns: Post, Department, 1920, 1921, 1922, 1923, 1924. Rows for Florida, Mexico, Tennessee, Wisconsin, Virginia.

Now, if as follows ever did have a chance to strut our stuff we have got it now.

Make up your mind to get in that parade; it is a grand and glorious

feeling to know that we are going to lead the largest Parade that is held in the United States.

We will have the biggest attendance to the St. Paul Convention that we have ever had. Miami is going to send her 40 piece Drum and Bugle Corps.

St. Petersburg is going to take their own Special Car. We have the best train that we have ever had to go on; we have a choice place to park our cars, just two and a half blocks from the Convention Hall. We ought to have at least 200 on this trip.

If Miami and St. Petersburg can furnish sixty five for this trip it looks as if

the balance of the Department could furnish one hundred and thirty-five.

You can't have a better vacation. Let's go. Yours,

HOWARD.

"COULD BETTER FERTILIZER BE MADE WE WOULD MAKE IT"

Before buying get our new April price list of our "SIMON Pure" and "GEM BRANDS" which have been the Standard of Quality for the past forty years with Florida growers. Prices always right, quality considered, not the cheapest, but the best for results. Also price lists of Insecticides, Sprays, D-sters and Dusts. 1924 Almanac now ready, write for one.

E. O. PAINTER FERTILIZER CO., JACKSONVILLE, FLA.

If You Succeed--

Your success is cumulative. You cannot progress alone in business and every forward step of yours carries along other people on the same road. In this way, your city becomes prosperous and great.

In exact ratio to your success or failure your city succeeds or fails.

That's why we, as bankers, desire to see you succeed. That's why we make a point of rendering service to depositors and endeavor to safeguard them from financial reverses.

Come in any day. We'll welcome you.

PEOPLES BANK OF ST. CLOUD 4% ON SAVINGS ACCOUNT.

CHURCH MEMBERS MAY BE EXPELLED FOR DANCING.

CHICAGO, Ill., June 28.—What did the General Conference of the Methodist Episcopal Church do with the amusement question? Did it lift the ban on theatre going, card playing and dancing? The revised amusement paragraphs, which will appear in the Methodist Discipline and also in the Methodist Journal which is now being prepared by the General Secretary of the Conference, Dr. R. J. Wade, Chicago, Illinois, follow:

Paragraph 90, Section 1: "Improper amusements and excessive indulgence in innocent amusements are serious barriers to the beginning of religious life and fruitful causes of spiritual decline. Some amusements in common use are positively demoralizing and furnish the first easy steps to the total loss of character. We therefore look with deep concern on the great increase of amusements and on the general prevalence of harmful amusements, and lift up a solemn note of warning and entreaty, particularly against attendance upon immoral, questionable and misleading amusements; against dancing; and against such games of chance as are frequently associated with gambling; all of which have been found to be antagonistic to vital piety, promotive of worldliness, and especially pernicious to youth. We affectionately admonish all our people to make their amusements the subject of careful thought and frequent prayer, to study the subject of amusements in the light of their tendencies, and to be scrupulously careful in this matter to set no injurious example. We adjure them to remember that often the question for a Christian must be, not whether a certain course of action is positively immoral, but whether it will dull the spiritual life and be an unwise example.

Section 2: We instruct our Board of Temperance, Prohibition and Public Morals, or its successor, to lead the church in a campaign of education which shall reveal to our people, both young and old, the dangers lurking in the amusements against which we warn. We instruct the above-named Board, or its successor, to produce and disseminate from time to time such scientifically prepared literature as shall awaken our people to the individual and social consequences of improper and excessive amusements. We direct all our bishops, District Superintendents, and Pastors to call attention to this subject with solemn urgency in our annual and Quarterly Conferences and in all our pulpits; and our Editors, Sunday School Officers, Epworth League Officers and Class Leaders, to aid in abating the evils we deplore. We deem it our bounden duty to summon the whole Church to apply a thoughtful and instructed conscience to the choice of amusements. And not to leave them to accident, or whim, or passion; and we affectionately advise and beseech every member of the Church absolutely to avoid the taking of such adventures as cannot be used in the name of the Lord Jesus.

Paragraph 280: In cases of neglect of duties of any kind; imprudent conduct; indulging in sinful tempers or words; "taking such diversions as cannot be used in the name of the Lord Jesus"; or disobedience to the order and discipline of the Church; on the first offense, let private reproof be given by the Pastor or Class Leader, and if there be an acknowledgment of the fault and proper humiliation, the person may be borne with. On further offense the Pastor or Class Leader may take with him one or two discreet members of the Church. On continued offense let him be brought to trial and if found guilty and there be an sign of real humiliation, he shall be expelled.

Paragraph 280: In cases of neglect of duties of any kind; imprudent conduct; indulging in sinful tempers or words; "taking such diversions as cannot be used in the name of the Lord Jesus"; or disobedience to the order and discipline of the Church; on the first offense, let private reproof be given by the Pastor or Class Leader, and if there be an acknowledgment of the fault and proper humiliation, the person may be borne with. On further offense the Pastor or Class Leader may take with him one or two discreet members of the Church. On continued offense let him be brought to trial and if found guilty and there be an sign of real humiliation, he shall be expelled.

AGRICULTURAL NEWS NOTES

By J. R. GUNN

Have you been through your grove this week to make an inspection for rust mite. Better keep a close watch on them as they can do a lot of damage in a short length of time, and thus cut the price received for your fruit this fall. We must have bright fruit to get good prices for it in the future. It is also advisable to keep a close watch for scale at this season of the year. If you notice a light infestation starting send to the State Plant Board and get a Culture of the Red Pin head scale Fungus and put in your grove instead of spraying at this season and running the risk of burning your fruit. If you must spray be sure to stop during the middle of the day when the sun is hottest or you will do more damage by burning than the spray will do.

The strawberry plants made already from plants set in the spring should be taken out of the beds and set to make more plants for setting this year. If you do not need them see the County agent about disposing of them for you as several calls have come in already for plants. It will be much better to get them off now than to let them stand where they are until fall, as they will become black rooted by fall if allowed to remain in the beds. If you expect to plant an early fall truck crop this year now is the time to get your seed beds in shape and get your seed as the beds should be planted during the first part of July.

Don't forget to disinfect your seed before planting and if possible plant each crop on a different piece of land from that on which it was planted last year. Rotation goes a long way toward controlling insects and diseases.

Keep in Mind Farmers and Fruit Growers week to be held in Gainesville August 11th to 16th, and talk with your County agent about going up. Plan to take the whole family if possible.

Are you planning to put in a crop of strawberries this fall? Think it over and if possible do so by all means. The growers made money on their berries last fall with a bad season and with a good season good money should be realized. Strawberries are considered about the safest money crop that can be grown. You may not be able to take care of a large acreage but you can a small patch. We must have the acreage to produce a large quantity of berries and we must have the large quantities of berries to get the proper markets and prices for our crop. Three different buyers were anxious to locate here last year and handle our berries but all contended that the output was not large enough to justify their keeping a man on the job here.

The Grape Growers Association of Florida is to hold a two day meeting in Lakeland July 11th and 12th. If you are interested in grape growing it will be well worth your time to go down to this meeting. Aside from the talks and discussions they are to have a display of all the varieties of grapes grown in the state which will give us an opportunity to see what is being done with different varieties. A lot of our farmers in this county are making a mistake by not putting in some grapes, as quite a lot of the land here is well suited for growing them.

The Bulletin rack in the County agent's office is always full of bulletins on most any subject pertaining to the crops of this section. They are all free. Come and get any that are of interest to you.

VETERANS ASSOCIATION

The regular meeting of the Veterans Association was held on Saturday afternoon June 29, with the President, W. F. Kenney, in the chair. Opening song, America. Prayer, Mr. Kenney. Minutes of the previous session read by the Secretary and adopted. Song, Florida. St. Cloud Yell given and collection taken. The social hour was in charge of the daughters, with Mrs. Nettie Clark as leader. Song, The Battle cry of Freedom. Reading, Sirna Williams. Just as the sun went down. Music, Nettie Clark. Reading, Mrs. Severns. Tearing down and building up again. Music by the Drum Corps, 2 numbers. Reading, Mrs. Morgan. My old Ford Car. Song, Miss Lela Emerson with Mrs. Nettie Clark, accompanist. I will come back, Sweetheart to you. Encore, Song, The Rocky road to Dublin. Recitation, Mrs. Babson. Only what is told to me. Encore, Said the little brown man. Reading, Mrs. C. W. Benedict. FOR OVER 200 YEARS

haarlem oil has been a worldwide remedy for kidney, liver and bladder disorders, rheumatism, lumbago and uric acid conditions.

GOLD MEDAL HAARLEM OIL CAPSULES correct internal troubles, stimulate vital organs. Three sizes. All druggists. Insist on the original genuine GOLD MEDAL.

Dr. William's "101" For Malaria, Chills and Fever, Colds and La Grippe

die of the day when the sun is hottest or you will do more damage by burning than the spray will do. The strawberry plants made already from plants set in the spring should be taken out of the beds and set to make more plants for setting this year. If you do not need them see the County agent about disposing of them for you as several calls have come in already for plants. It will be much better to get them off now than to let them stand where they are until fall, as they will become black rooted by fall if allowed to remain in the beds. If you expect to plant an early fall truck crop this year now is the time to get your seed beds in shape and get your seed as the beds should be planted during the first part of July. Don't forget to disinfect your seed before planting and if possible plant each crop on a different piece of land from that on which it was planted last year. Rotation goes a long way toward controlling insects and diseases. Keep in Mind Farmers and Fruit Growers week to be held in Gainesville August 11th to 16th, and talk with your County agent about going up. Plan to take the whole family if possible. Are you planning to put in a crop of strawberries this fall? Think it over and if possible do so by all means. The growers made money on their berries last fall with a bad season and with a good season good money should be realized. Strawberries are considered about the safest money crop that can be grown. You may not be able to take care of a large acreage but you can a small patch. We must have the acreage to produce a large quantity of berries and we must have the large quantities of berries to get the proper markets and prices for our crop. Three different buyers were anxious to locate here last year and handle our berries but all contended that the output was not large enough to justify their keeping a man on the job here. The Grape Growers Association of Florida is to hold a two day meeting in Lakeland July 11th and 12th. If you are interested in grape growing it will be well worth your time to go down to this meeting. Aside from the talks and discussions they are to have a display of all the varieties of grapes grown in the state which will give us an opportunity to see what is being done with different varieties. A lot of our farmers in this county are making a mistake by not putting in some grapes, as quite a lot of the land here is well suited for growing them. The Bulletin rack in the County agent's office is always full of bulletins on most any subject pertaining to the crops of this section. They are all free. Come and get any that are of interest to you.

ROUGH treatment for the naughty boy, but "61" Floor Varnish stands out running, scuffing, stamping and screeching of kiddies—and even father's big foot holds no terrors for "61" because "61" is just as wear-resistant as it is water-resistant. And it will stand any water test you care to give it. Durable as "61" is on floors and linoleum, it lasts even longer on furniture and woodwork. The beautiful woodstain colors stain and varnish in one stroke of the brush without showing laps, streaks or brush marks. A color card is waiting for you at our store.

FOLKS IN OUR TOWN Goodness Gracious By Edward McCullough AUTOCASTER

REGULAR JUNE MEETING OF THE BOARD OF COUNTY COMMISSIONERS

Kissimmee, Florida, June 17th, 1924. The Board of County Commissioners in and for Osceola County, Florida, met in regular session at 10 A. M. on the above date, members present, E. L. D. Overstreet, Chairman, H. O. Partin, A. F. Bass and R. V. Phillips, J. M. Hensell being absent, Johnston and Garrett, Attorneys for the Board and J. L. Overstreet, Clerk each being present.

The Board was called to order and the minutes of May meeting read and approved.

The Clerk presented bid of Mr. J. Borum, representative of The Safe Cabinet Co. on vault door, which was opened by the Board and considered. It being the only bid received by the Board, and the Board having received...

Mr. Borum advised the Board that the windows between vault and Clerk's office should be closed to make the vault fire proof, thereupon, on motion of R. V. Phillips seconded by H. O. Partin and carried, the Clerk was instructed to advertise for bids on cost of closing windows, to be received at regular meeting of the Board July.

Mr. Wm. I. Barber, Tax Assessor, came before the Board and reported that his books would not be ready for equalization until the first meeting of the Board in July. Upon motion of A. F. Bass seconded by H. O. Partin Mr. Barber was granted further time. A committee consisting of the following ladies: Mrs. G. W. Best, Mrs. F. S. Ledbetter, Mrs. Mae Swain, Mrs. E. J. Phipp, Mrs. J. E. Luffler, Mrs. W. D. Dresh, and Mrs. A. M. Mosley, appeared before the Board and reported the need of Welfare Nurse in the County and asked the Board to make the levy for 1924, to make it sufficient to assist in the support of a Nurse, the total cost per year to be approximately \$3,000.00. The Board having heard the request of the committee, the Chairman asked them to see the City of Kissimmee and St. Cloud and ascertain what amount could be secured. Mr. Sam Brammar being present, suggested that if the two towns would pay as much as one thousand and the County one thousand the matter could be handled. The Board then agreed with the committee that if they would as suggested, to consider their request at the July meeting.

Mr. Sam Brammar appeared before the Board, and reported that the St. Cloud School was supporting an Agricultural Teacher, who was making a great success of his work in the school, which was of vital importance to the County. Mr. Brammar stated that the Agricultural teacher had been offered a very much better position, but that he had agreed to stay for 2 years providing his salary was raised, and therefore, the School Board had asked him to present the matter to the Commissioners with a view of getting as much as \$25.00 per month to assist the School Board in retaining him. Upon motion of A. F. Bass seconded by R. V. Phillips and carried, the Board agreed to grant the request.

Upon motion of R. V. Phillips seconded by H. O. Partin and carried, Mrs. Anne Shiver was placed on the maintenance list at \$5.00 per month.

Bills ordered paid as follows: Bank of Osceola County, for payment of Bonds and interest \$ R. & B. Dist. No. 1, \$7,111.50; W. H. Mann, for grubbing right of way Kenansville-Holopaw road \$300.10, and bill of D. R. Kilpatrick for grading said road \$271.00, upon motion of R. V. Phillips seconded by H. O. Partin and carried.

Notary Bond of J. M. Bryan Simpson, with G. P. Garrett and Pat Johnston as sureties, Charles Diehl, with J. M. Johnston and T. L. Comer as sureties, D. B. Bond of J. R. Owen, with Randolph Young and W. G. McTealand as sureties.

The Board took a recess until 1:30 P. M. The Board reconvened at 1:30 P. M. The Board was called to order by its Chairman and they proceeded with business.

Mr. D. R. Kilpatrick reported that he had let the work of grading of Kenansville-Holopaw road to a second party and asked if the Board had any objection, to which the Board advised Mr. Kilpatrick there was no objection as they would hold him for the completion of the work as per his contract.

Upon motion of A. F. Bass seconded by R. V. Phillips and carried, the Clerk was instructed to draw warrants as follows: The Peoples Bank of St. Cloud, order on W. H. Mann, \$298.00; Florida East Coast Ry. Co. for repairs of fence, damages by road gang \$11.67 and to Mr. W. H. Mann for \$11.67.

The Clerk presented letter from Mr. J. M. Rhine, regarding Mrs. Alice Rose, who had asked for help from the County, thereupon, on motion of R. V. Phillips seconded by A. F. Bass and carried, the Clerk was instructed to advise the County Prosecuting Attorney, that Mrs. Rose had a son by the name of T. D. Smith, who was able-bodied and was not supporting his mother, the said Pros. Atty. to investigate and take such action as he might find necessary.

A committee consisting of Mrs. M. P. Fisher, Rev. L. M. Parker and A. T. French, appeared before the Board and reported the need of a RED CROSS NURSE. Mr. Parker stated that there should be one at Kissimmee and one at St. Cloud. He spoke of the importance of the work of a competent Nurse and stated it was his belief that \$2,500.00 would take care of two. Mr. Bill F. Davis, Chairman, Kissimmee Chapter Red

Cross, suggested if each of the Chapters could get as much as \$1,250.00 per year, the balance of cost could be taken off. Mrs. Foster then spoke of the great and important work being done by Red Cross Nurses and suggested the Board make budget sufficient to support at least one in Kissimmee and one in St. Cloud. The Board having agreed to take the matter up at July meeting, further action was deferred until that date.

The Clerk asked the Board to determine what amount should be paid the Managers of the Primary Election, and upon motion of A. F. Bass seconded by R. V. Phillips and carried, the Clerk was instructed to draw warrants for the following amounts:

- Account No. 1, Kissimmee, \$10.00; No. 2, Shingle Creek \$4.00; No. 3, Kissimmee, \$4.00; No. 4, Kissimmee, \$4.00; No. 5, Deer Park, \$4.00; No. 6, Kenansville, \$4.00; No. 7, Kissimmee, \$10.00; No. 8, Narcoossee, \$4.00; No. 9, Lakoset, \$4.00; No. 10, Loughman, \$4.00; No. 11, St. Cloud, \$10.00 and No. 12, Holopaw, \$4.00, that the person returning the ballot box from each precinct to receive an additional sum of \$3.00 and mileage.

Mr. J. E. Johnston, County Engineer, filed estimate of work done on grading and grading of Kenansville and Holopaw road and of description of road-way running through property of C. E. Allgood at Narcoossee.

The Tax Collector's Report showed amounts collected as follows: for License \$2.50 and for Polls \$773.00. County Depository Reports showed balance in various funds as follows: Revenue \$ 9874.84

Revenue \$ 9874.84 Fine and Forfeiture 2757.58 Road and Bridge 2588.43 Special Road 2098.15 Publicity 800.00 Tick Eradication 1673.50 Agricultural 853.01 Fair 31.80

Paid warrants were ordered cancelled from the several funds as follows: Revenue \$6272.45 Fine and Forfeiture 2285.08 Road and Bridge 9454.02 Publicity 690.00 Tick Eradication 501.25 Agricultural 1001.67

Your Home! Every family dreams of the day when it can have its own home, built after its own plans - or planning. All very well—but it involves more responsibility and foresight than many folks imagine. The result usually is keen disappointments at the failure to take full advantage of building possibilities,—after good materials have been used and it is too late to alter plans. Plans are easy. Experienced builders have worked out numerous plans for well arranged and comfortable homes. We can supply you with these. That is but one of the features of service you get when we furnish building materials. Come in and look over blue-prints, plans, perspective drawings and photographs of homes, barns, graineries, silos, etc., we want to help you plan. Let Us Help You Build. GEO. W. LIVINGSTON General Contractor KISSIMMEE, FLORIDA FRANK BOURIE, Supt.

ST. CLOUD TRIBUNE

Published Every Thursday By the ST. CLOUD TRIBUNE COMPANY
CLAUDE F. JOHNSON, President
Entered as Second-class Mail Matter April 25th, 1918, at the Postoffice at St. Cloud, Florida, under the Act of Congress of March 3, 1879.

See Florida This Year

excellent suggestion is often taken, although there are many people who rush off to Europe if they have time and money, and perhaps when abroad are unable to answer ordinary questions about America.

Talking of sightseeing, the Miami Herald thinks that the Florida home folks owe themselves a visit around. That it is good for the people of a state to be neighbors is true and important.

"Among them are Silver Springs the largest and one of the most beautiful natural springs in the world, which is big enough for a turning basin for large passenger boats; the Key West extension of the Florida East Coast, which is like nothing else anywhere; sponge fisheries at Key West and Tarpon Springs; Lake Okechobee, the largest fresh water lake in the United States entirely within one state.

If desirous of seeing the most wonderful lurch in the world, the Florida folks who live away from the Atlantic should take a trip to Pablo, which is a few miles from Jacksonville, and there enjoy all the delights of a great pleasure resort and the of a great pleasure resort and the idea is highly endorsed—Tampa Tribune.

According to the St. Cloud Tribune, the new high school building was completed in time to be used during the graduating exercises, recently held. The Tribune last week printed an excellent picture of the handsome new building, and told that it had been constructed with modern ideas prevailing. It is the largest building in Osceola county, constructed of the and designed to afford light and ventilation for every nook and corner of the structure.

McADOO-SMITH DRAW SHOWS NO SIGNS OF BREAK

It became apparent that the principal object of the Bryan imbroglio had been to divide the Smith forces and to split the McAdoo people on to a new effort. To pass the 500 mark Wednesday night and adjourn while it was held there was their first goal. They made it. To attain a majority was their next goal. Whether they can do that will be decided Thursday.

The great weight of scientific opinion today is that alcohol is alcohol either in whiskey or beer; and that the amount of alcohol consumed is a regular beverage than where it is not.

NEGLIGENCE OF BREVARD COUNTY OFFICIALS DOING GREAT INJURY TO THE WHOLE STATE OF FLORIDA

Multipled complaints continue to reach the Florida Sun over the deplorable condition being allowed to exist in connection with "the ferry" over a small stretch of some five miles of the important Melbourne-Kissimmee highway connecting central Florida with the east coast.

Several months ago this section of the road located in the lowlands was closed by the county officials as impassable, and a private concern established a "ferry" whereby automobiles were "ferried" over this impossible link in the road at a price of from two to three dollars per automobile.

From the start the "ferry" did a rushing and evidently very profitable business.

It appears that forbearance has ceased to be a virtue in this instance and as no immediate relief is in sight through appeals to the Brevard county officials the general public welfare demands that other county officials together with board of trade and similar organizations interested in matters pertaining to the protection of the good name of the state as well as the interests of the traveling public should immediately take action by calling on the governor and the state road department for relief, the general public welfare demanding it.

The Florida Sun is not in position to substantiate this charge, but does

know this ferry has been in operation for many weeks, and continues to exact the above referred to toll or ransom from the motorists that are unfortunate enough to pass that way.

As this highway is the most direct route to Miami and the east coast from a large section of central and south Florida, the arrangement is an imposition on the general public, and is retarding and hindering traffic between the two important sections of the state.

In addition to the hardship being worked on the home people the whole state is getting a black eye and a very bad advertisement through the many complaints of tourists who have been the victims of this "ferry" arrangement, many of whom are loud in their condemnation of FLORIDA.

It appears that forbearance has ceased to be a virtue in this instance and as no immediate relief is in sight through appeals to the Brevard county officials the general public welfare demands that other county officials together with board of trade and similar organizations interested in matters pertaining to the protection of the good name of the state as well as the interests of the traveling public should immediately take action by calling on the governor and the state road department for relief, the general public welfare demanding it.

LETTERS TO EDITOR

Alma, Mich., June 17, 1924.

Dear Mr. Johnson: As so many ask me to write to them, I thought it would save time by writing to you. If you can read my letter will you please print it as I couldn't write to all. This way will give most of them a chance to read it and that way I write to all. I thank you if you can print it and I will be glad to hear from you.

MRS. SARAH WHITE, 906 Richmond St. Alma, Mich.

Alma, Mich., June 17, 1924.

To the dear people of St. Cloud. As so many wished me to write to them, I left St. Cloud Tuesday noon, got to Kissimmee. There was a wreck near Tampa, a freight train was off the track. Delayed us till three o'clock and then we started. When near Orlando there came up a storm. It seems I never seen it rain so hard. It lightened till the sky was all lit up and thundered so hard that it nearly deafened me. I thought it was some storm. Then it cleared up and the sun shone bright and clear. The rest of my journey was fine. I met with many friendly people. So I had company all the way. Well, I saw many pretty sights along the track. There was so many wild flowers. And between Detroit and Saginaw it surely did look like old Michigan. Well, the weather is fine "08" in the shade. Not too cold or too warm. Just right. Well, I reached my journey's end Thursday at seven o'clock. No one to meet me for I didn't dream of getting there until Friday evening. I was just forty-eight hours going the distance that generally takes a day and night longer. In Detroit was the black small pox and everything was quite about three hundred quarantined in. The planting is mostly done. Crops look good here. But the spring was backward. My children and friends and neighbors were all glad to see me back. But I think St. Cloud will see me back there this fall. The winter, the awful winters, is what worries me so don't be surprised if in October you will see Mrs. White coming back to Florida. I like the people. I like the climate and above all the winters in Florida. For a few months in summer Michigan is fine. Well, I was back in time to eat the first radishes and lettuce and green onions that decorated their tables on the 15th day of June. Good-bye to all of the Florida people.

MRS. SARAH WHITE.

WILL TRY TO SECURE REDUCTION IN THE FREIGHT RATES.

TAMPA, June 20.—The possibility for attaining a greatly reduced freight charge on Florida citrus shipments to Atlantic and Gulf coast centers, through the development of water transportation facilities, were stressed by President L. C. Edwards of the Florida Citrus Exchange, in an interview issued here Thursday.

Considerable importance is attached to Mr. Edwards' statement as it marks a renewed interest in this old question, and more so because it emanates from the leading official of the one fruit marketing agency which controls sufficient fruit to make actual tests of the plan's worth. Mr. Edwards is known to have studied this subject for a number of years, and has a fund of information from boat companies and other sources.

The question of how to secure a reduction in freight rates is one of the most important problems confronting the citrus and other interests of Florida," Mr. Edwards says. "Personally, I have very little faith in any action upon the part of the carriers to reduce their rates. For many years, rate revisions sponsored by the carriers have been continually upward, and there is nothing to indicate a change in their view.

The solution of this whole problem, I believe, is in our hands. Florida being a peninsula state, with a distance of but approximately 135 miles from its Gulf ports to the Atlantic, with the finest of highways leading to all of our ports, with ships in abundance without cargoes, we are in an excellent position to utilize water transportation. If we fail to take advantage of this ideal situation and ship our fruit by water to Eastern seaboard, Gulf and Mississippi valley markets, we do not deserve the necessary relief—since this relief is in our making.

"The savings that can be made by water transportation are great. I have figures from responsible ship operators, on a one-way cargo from Tampa to New York (the ship returning empty) which place the cost of transporting fruit under refrigeration at the low figure of 22-23 cents per box. The present cost of transporting fruit by rail from Tampa to New York is more than a dollar per box. If return cargoes can be provided for the boats, the citrus rate can be correspondingly reduced.

"Ship operators advise me that fruit can be carried from Tampa to New York, or other eastern seaboard cities, in no more than five days, and that if the boats are equipped with the most modern engines, the trip can be made in four days, which is practically equivalent to the present railroad schedules for the citrus movement.

"A refrigerated boat line for the movement of Florida fruit, once in operation, could serve us well. For months we have not found it profitable to ship our fruit to New York.

grapefruit, due to the fixed charges which are too high in comparison with the price this class of fruit has been bringing. This kind of fruit could well be shipped in field crates, and transported by boat. The cost of delivery from a grove within fifty miles of Tampa, to New York, including the packing, would not in my estimation exceed 65 cents per field crate.

"With such a rate we could reasonably expect to double and even triple consumption of Florida fruit in those markets. It is a popular-priced article.

"The establishment of a Florida Citrus Exchange boat line—operated for the benefit of its co-operative grower-members—is being made possible for the first time by the large volume of fruit being signed up for marketing through the organization next season. Properly carried out, I believe that this co-operative effort can correct the adverse citrus conditions of the past season and double the value of this state's grove properties.

YEP, IT'S GONNA BE A GEE-LORIOUS FOURTH

A Busy Place in St. Cloud

The above picture was made in front of C. A. Bailey's grocery during a recent special sale day, advertised in these columns, when it took ten clerks to wait on the trade that came that day. This special day proved to be the biggest day's business in the history of the Bailey Store. The National Biscuit Co., and Swift and Co. had special displays for the occasion.

W. R. C. MEETING
 L. L. Mitchell relief corps No. 12 met in regular session June 28th with the president in the chair.

All officers except one were present at roll call.

Agnes R. Rhoades and Catherine Yarger were initiated into our order. It was decided to hold our meetings during the summer months as we have always done every 2nd and 4th Thursday at 2 p. m. It was decided to serve a dinner in the near future. Arrangements will be made at our next meeting.

The charter was draped for Emma F. Parker, Past Department President of the State of Missouri. Forty-three women were present.

OBITUARY

Mrs. Estie A. Brock: Born near Elkhart, Indiana, July 18, 1857, and died at St. Cloud, Florida, June 29, 1924, age, 66 years, 11 months and 11 days. Mrs. Brock's maiden name was Estie Evans. In 1882 she was married to Mr. Jesse Longacre, and to this union one daughter was born who died at the age of eleven, March 20, 1923. Mrs. Longacre was united in marriage to Eber R. H. Brock with whom she lived happily until the end. She leaves her devoted husband, two brothers and one sister to mourn her loss.

Sister Brock united with the Seventh Day Adventist church some twenty years ago, and remained a loyal and devoted member until the end. She was a lovely character, a devoted mother and a faithful companion. Her beautiful life has been temporarily

closed awaiting the glorious Life-giver, who will bring it forth again immortalized for eternity.

Funeral services were conducted by the writer in the Saint Cloud Church, and interment took place in the Rose Hill Cemetery near Kissimmee, Florida. L. T. CHISLER.

BASKET PICNIC ON JULY 8.
 THE PAST LADY COMMANDERS OF ELISIE P. MCGLODY AUXILIARY NO. 17, OF THE ARMY AND NAVY UNION, WILL GIVE A BASKET PICNIC AT JOYLAND BEACH ON JULY 8th AT 10:30 A. M. All are requested to be there with basket lunch. The members of the garrison are invited to attend and enjoy a pleasant time. * Committee E. V.

There will be plenty of business for both roads, however. No imagination can foresee what the prosperity of Florida is to be. That State, which, as the Jacksonville Journal tells you, Jefferson could once have bought for five cents an acre, and ultimately did buy for fifteen cents an acre, is apt one day to be in several different ways the greatest State in the Union.

Inspector of supplies for the United States army was Samuel Wilson, who was called by his own initials. Now that July 4th is near, better lay in some

ICE!

The progress of civilization continually adds to the conveniences and labor-saving devices of the home. Not so many years ago when our parents and grandparents wanted to keep their milk, butter, and other foods fresh and sweet it was necessary to store them in damp, musty caves or well houses.

Now, with the aid of artificial ice, you may keep food fresh and sweet in clean, sanitary, convenient refrigerators. It is so economical, too. Left-over dishes remain fresh and wholesome for an indefinite time when kept in the ice-box.

Phone or call now, so that we may include you on our delivery route.

WE ARE HERE TO SERVE YOU

"A Satisfied Customer"---Our Motto

There has been more property bought in St. Cloud in the past few months than for any period in the history of the city.

We take pride in the number of sales that has been handled through this office. And we have yet to hear of a dissatisfied customer. We try to make both seller and buyer be pleased, and that is the reason we handle so many deals in real estate.

PRICES IN ST. CLOUD ATTRACT

People who have gone all over the State for investigations of locations have finally come to us and found just exactly what they wanted and have been satisfactorily located in the St. Cloud section.

We have a list of properties to offer for homesites, groves or truck farms that cannot be excelled anywhere, and the prices in this section are now lower than in any favored section of the State. These prices will not always remain as low as they are now, so we invite correspondence in regard to what you may desire while the lists are so attractive.

A small amount of money invested in the St. Cloud section will yield good money on investment in a short while.

Come and see us or write us what you want.

KNOWN DEATH TOLL IN OHIO STORM NOW 94.

CLEVELAND, Ohio. — Ninety-four persons are known to be dead as a result of Saturday's severe wind, rain and electrical storm which swept the coast of Lake Erie from Sandusky to Lorain, Ohio, wrecking a large portion of Lorain and parts of Sandusky.

Although the loss of life was not as great as the first belated, relief workers said today that the list of dead may grow. Several hundreds persons were reported injured, several scores of them seriously and the property damage was estimated at more than \$30,000,000.

The storm first struck Sandusky, doing most of its damage in the east-part of the city and then jumped almost 25 miles to Lorain where the greatest loss of life occurred.

Theater Collapses.
At Lorain, where approximately 125 city blocks were destroyed, the greatest loss of life occurred in the State theater, a motion picture show, which collapsed.

Medical aid for the injured, counting of the dead and housing of the homeless occupied the attention of doctors, nurses and Red Cross workers today. Between 600 and 1,000 national guards were on hand to observe order at Lorain. Governor Donahy, motoring from Columbus, yesterday personally took charge of the situation at Lorain.

Several days will be required to clear away the wreckage at places where the storm hit the hardest. Rescue workers said today they believed the death list probably would have been greater at Lorain, but for the fact that most of the factories and shops torn down there had been emptied at the noon hour for the usual Saturday half holiday.

Belated reports today indicated that damage to the rural districts in the storm area was not as great as first believed. Several lake boats for which fairs had been entertained were reported safe.

Relief Workers Here.
Relief workers made their way into Lorain and Sandusky Saturday night and yesterday by automobile and by special train, which in some instances were forced to run over submerged tracks. The wind reached a velocity of 85 miles an hour at Lorain.

C. C. Cooper, government meteorologist at Sandusky, reported the storm as a tornado. He said the damage was done by a dark-funnel-shaped cloud, which was followed by a sharp thunderstorm.

E. H. Emery, in charge of the Cleveland weather bureau, who went to Lorain yesterday to study the storm said he would not want to designate the storm as either a cyclone or a tornado.

"I was unable to find anyone," he said, "who had seen a funnel-shaped

cloud. I found some who observed a peculiar yellowish flat in the storm cloud, but this is not an unusual feature of ordinary violent electrical storms."

The fact that large areas between Sandusky and Lorain were untouched leads me to believe "tornado" the better term for the storm," Cooper told The Associated Press. "This is a characteristic of tornadoes as distinguished from cyclones."

The Ohio health department through J. F. Monger, director, took drastic measures to prevent the outbreak of epidemics. A branch of the department was opened at Lorain today to take charge of the city's water and milk supplies. And milk entering the city will be inspected, it was said.

Several hundred boy scouts in Cleveland were mobilized ready to give any assistance possible to the devastated areas.

Howard Van Epp, 12, and Mildred Harding, 11, both of Cleveland were drowned in a flooded creek near Weymouth when an automobile in which they were riding with relatives was swept off a bridge in the storm. Three others in the machine caught in a tree and were rescued.

TOLL OF DISASTER OF LAKE COLUMBIAN IN LIFE AND PROPERTY

CLEVELAND, Ohio. — Following is a tabulation of the Ohio storm damage as compiled by The Associated Press:

LORAIN—39 dead, several hundred probably injured and property damage estimated more than \$25,000,000.

SANDUSKY—Six dead, about 100 injured with property damage estimated at more than \$1,500,000.

CLEVELAND—Seven dead, with small property loss.

MANTUA—Three dead.

AKRON—One dead and property damage estimated at between \$500,000 and \$1,000,000.

FRENCH CREEK—Three killed, 12 houses demolished or badly damaged.

NEAR WEYMOUTH—Two children drowned.

YOUNGSTOWN—One dead.

ALLIANCE—No casualties, but 100 reported rescued by police from flooded homes.

ELYRIA—virtually no damage.

CEDAR POINT—Six cottages blown down; no casualties.

VERMILION—Small damage from heavy rain but no casualties.

NORWALK—Greek valley residents make preparations to leave their homes as water works reservoir is weakened by heavy rains.

Announcement of Scholarships Established in the School of Pharmacy, University of Florida.

Through the generosity of The Grover-Stewart Drug Company, Jacksonville-Tampa and Miami, Fla., a three-year scholarship, valued One Thousand (\$1,000.00) Dollars, i. e., \$333 1/3 yearly, has been established in the School of Pharmacy, University of Florida, leading to the degree of Pharmaceutical Chemist (Ph. C.) for the benefit of young men of the State who desire to prepare for the profession of Pharmacy. This scholarship will be awarded under the following conditions:

The scholarship is to be awarded annually by competitive examination, and is open to the members of the current graduating classes of Florida Senior High Schools, which have been accredited by the State Department of Education, for entrance upon regular course of study beginning in September of the current year. The examination for the scholarship is to be prepared and conducted by the University faculty in Gainesville, the time to be selected by them, and the student passing the most creditable examination will be awarded the scholarship.

The scholarship provides for approximately \$333.33 to be paid annually to the University for the benefit of the holder, which sum is sufficient to pay his necessary annual expenses at the University. This scholarship may be extended to the holder for the full three year course described above, provided he maintains a high standing in his studies and in his general conduct, and takes an active interest in the scientific societies of the school.

Each year hereafter the same scholarship may be awarded subject to the terms of these years under like conditions of first scholarship.

It will be readily seen that at the beginning of the third year, The Grover-Stewart Drug Company will be supporting three valuable scholarships in the School of Pharmacy at the University of Florida.

A competitive Examination for the first scholarship will be held Friday and Saturday, August 29 and 30, 1924, in Science Hall, University of Florida. The winner of the scholarship will begin his studies in the University, September 15, 1924.

The competitors for the scholarship will be examined on the following subjects:

English—3 units,
History—1 unit,
Mathematics—2 units,
Science—1 unit,
Foreign Language or History and Science—2 units.

In addition to the examination each competitor must present his High School grades upon 7 subjects, other than the subjects above mentioned, which he desires to offer for entrance into the School of Pharmacy, making 16 units.

For additional information, address Thomas Randolph Leigh, Director, School of Pharmacy, University of Florida, Gainesville, Fla.

L. C. MAJON IMPROVING

The many friends of L. C. Majon, who suffered a paralytic stroke the morning following his arrival at his home in Dayton, O., after spending his fourth winter in St. Cloud will be glad to learn he is slowly improving and is able to walk around his room with the assistance of his nurse and his friends hope he will soon be in his usual health.

I want Auls!

FRANK HADEY, experienced auto mechanic, will do your work at 50¢ per hour. Any other kind of work reasonable. 400 So. Fla. Ave.
